

## About the Author

In Award-Winning Dreamtime Dream Interpretation – Opening to Your Spiritual Sight Within, Terri Ullstrup, Expert Dream Interpreter, teaches the Dreamtime Method, the “Multi-Dimensional” Thinking Approach to accurately interpret dreams. According to Terri, “thinking multi-dimensionally” is learning first that you are a Being of many dimensions within, a physical *and* non-physical Spiritual being which is where your dreams originate. It is then learning to “think” from that multi-dimensional perspective to easily and accurately interpret your dreams.

Terri teaches that dreams are energy that contain information, guidance and action that is so superior to anything you may now be doing for your life that just "knowing" what they mean changes your thinking about yourself, transforming your consciousness and your everyday life. The Dreamtime Method of dream interpretation has provided thousands of people with pinpoint guidance and information from their dreams resulting in extraordinary change for their lives.

Terri’s early professional background was as a Registered Nurse with a Bachelor of Science in Nursing. She then went on to be a Surgical Sales Representative for 27 years. In addition to her passion for dreams, Terri has been very affected by the healing power animals have had in her life.

Terri resides in Colorado with her Golden Retriever, Cody. She enjoys teaching the Dreamtime Method in workshops, Podcasts and Dreamtime Radio. Terri also enjoys being outdoors and the spiritual beauty of nature.
