Take the mystery out of dream interpretation

Learn to think with *all* your senses to more accurately understand your dreams

Expert Dream Interpreter, Terri Ullstrup, takes readers on a new venture in exploration of our dreams to uncover their meanings and how they relate to our day-to-day living in her Award-Winning Book, *Dreamtime Dream Interpretation: Opening to Your Spiritual Sight Within*. This helpful workbook walks readers through her unique “Multi-Dimensional” Method of Dream Interpretation that bridges the physical *and* non-physical spiritual being within to awaken a full understanding of our dreams. It provides tools for turning baffling dreams into personal breakthroughs.

Readers will learn

- How to think “multi-dimensionally” just like their Multi-Dimensional DreamSelf who creates their dreams for them.
- Techniques for remembering and recording their dreams with easy to use template forms.
- How to decode the spiritual language of dreams with many graphics and examples.
- Tips and tools for accurately interpreting dreams.

Terri teaches that dreams are energy that contain information, guidance and action that is so superior to anything you may now be doing for your life that just "knowing" what they mean changes your thinking about yourself transforming your consciousness and your everyday life. The Dreamtime Method of dream interpretation has provided thousands of people with pinpoint guidance and information from their dreams resulting in extraordinary change for their lives.
